

Service Specific Terms – Mobile Channels

These Service Specific Terms – Mobile Channels apply when Client uses the Connected Archive Service or Connected Capture Service to capture text messages from a mobile telecommunications provider or from the CellTrust SL2 app. Unless expressly stated otherwise, capitalized terms contained in these Service Specific Terms have the meaning given them in the Smarsh Service Agreement - General Terms.

Client is only permitted to capture and archive text messages for Client's current employees or contractors. Client is not permitted to actively capture or archive text messages for any individual who is not a Client employee or contractor. Client agrees to (i) notify Smarsh immediately when any employee's employment or contractor's service is terminated; and (b) provide each employee and contractor with clear and conspicuous notice of policies regarding the receipt, transmission, storage, and use of employee's or contractor's text messages. Client is responsible for ensuring that each employee and contractor has agreed to such policies and that each employee has been made aware that such employee has no reasonable expectation of privacy in such employee's text messages. Each telecommunications carrier may have a different implementation process. The implementation process is dependent on actions to be completed by Client and the applicable telecommunications carrier. Smarsh is not responsible for delays in implementation caused by a telecommunications carrier, CellTrust, Client, or Client employees or contractors.

Certain telecommunications carriers (e.g. AT&T, Verizon and Rogers) require Smarsh to pass through certain additional terms (Additional Text Service Terms). Such Additional Text Service Terms are subject to modification by the applicable carrier and such modifications shall be incorporated into the Agreement upon notice to Client. The current Additional Text Service Terms follow.

EACH OF I-III THAT FOLLOW ARE AGREEMENTS MADE BETWEEN CLIENT AND THE APPLICABLE TELECOMMUNICATION CARRIER DIRECTLY. SMARSH IS NOT A PARTY TO THESE TERMS.
