Third Party Services are not offered, controlled or provided by Smarsh. The Third-Party Service may make changes to its service, or components thereof, or discontinue a service without notice to Smarsh. In addition, the availability of the Third-Party Service may depend on Client’s compliance with the Third-Party Service terms. The Third-Party Service will have access to Client’s data and will provide Client Data to Smarsh. Smarsh does not control and is not responsible or liable for how the Third-Party Service transmits, accesses, processes, stores, uses or provides data to Smarsh. Client is responsible for ensuring that each employee has agreed to such policies and that each employee has been made aware that such employee has no reasonable expectation of privacy in such employee's text messages. Each telecommunications carrier may have a different implementation process. The implementation process is dependent on actions to be completed by Client and the applicable telecommunications carrier. Smarsh is not responsible for delays in implementation caused by a telecommunication carrier, Client or Client employees. To archive text messages generated by a Verizon mobile account, each employee will be required to accept a request to archive sent by Verizon directly to the employee device.
